Registration: Online at bit.ly/SocietyEdu

SLIP & FALL PREVENTION SEMINAR

Wednesday, April 18, 9:00 - 11:00 a.m.

Slips, trips and falls are the leading cause of injuries for workers, customers, and the general public. This course is designed to help you recognize, evaluate, and control hazards that lead to these types of incidents.

Course objectives include:

- The impacts of slips, trips and falls on your business
- The three components of preventing slips, trips and falls
- Slip, trip and fall hazards in the workplace and at home
- Three steps you can take to make existing floors less slippery
- How to select appropriate footwear for your workplace

FORKLIFT TRAIN-THE-TRAINER SEMINAR

Tuesday, October 16, 8:00 a.m. - 4:00 p.m.

This course is designed to help your company develop Powered Industrial Truck (PIT) "forklift" trainers in-house so you can train forklift operators whenever you need them. By the end of this program, participants will have the knowledge and tools to develop a successful in-house training program for your company. Participants will earn a certificate of completion.

If you have any questions or need assistance with the registrations process, please call us at 888-576-2438, ext. 5517, or email riskcontrol@societyinsurance.com.
